

	<b>Full Name</b>	You Mie Lee		
	<b>Affiliation</b>	College of Pharmacy, Kyungpook National University (KNU), Daegu, 41566, Republic of Korea.		
	<b>Position &amp; Title</b>	Professor & PI of Vessel-Organ Interaction Research Center (MRC)		
<b>EDUCATION &amp; PROFESSIONAL EXPERIENCE</b>				
Institution/Location	Degree (if applicable)	Completion Date (MM/YYYY)	Field of Study	
Kyungpook National University	Ass. Professor	02/2014	Hypoxia signaling, Tumor angiogenesis	
Seoul National University, College of Medicine	Research Professor	01/2005	Hypoxia, Tumor angiogenesis, Epigenetics	
Harvard Medical School/Children's Hospital Boston	Research Fellow	08/2003	Angiogenesis, Endothelial cell biology	
Seoul National University, College of Pharmacy	PhD	02/1996	Pharmacy	
Seoul National University, College of Pharmacy	BS, MS	02/1987	Pharmacy	
<b>PERSONAL STATEMENT (AREAS OF RESEARCH INTERESTS)</b>				
Role of vascular endothelial RUNX3 in pathogenesis of cancer and organ fibrosis Development of novel vascular normalizing small molecules and novel HIF-1 inhibitors				
<b>POSITION &amp; HONORS</b>				
2020 ~	Korea Academy of Science and Technology, Fellow			
2014	Academic Award for Best Scientist in KNU			
2013 ~ 2017	Vascular Homeostasis Regulation Lab (BRL), PI			
<b>CONFLICT OF INTEREST AND FINANCIAL DISCLOSURE</b>				
None
